## ZAPATA TO SURRENDER TOMORROW

WILL SWEAR ALLEGIANCE TO PROVISIONAL GOVERNMENT

FORNARDI HAVE PROMISED TO LEARN TO NEW GOVERNMENT  
ONE YEAR OF BLOOD IS TO BE PAID

INDUSTRIAL CITY, Feb. 25. — There was considerable excitement here today when it was learned that Zapata, the Mexican revolutionary leader, had agreed to surrender to the provisional government of Mexico tomorrow. The news was received from a reliable source in Mexico City, and it was expected that Zapata would swear allegiance to the provisional government and that the Mexican revolution would be brought to a close. ## ZAPATA TO SURRENDER TOMORROW

WILL SWEAR ALLEGIANCE  
TO PROVISIONAL GOVERNMENT

FINANCIERS HAVE PROMISED BIG  
LOANS TO NEW GOVERNMENT  
AND LOAN OF \$20,000,000 IS TO  
BE MADE.

MEXICO CITY, Feb. 26 — Prom-  
ised amnesty for himself and his of-  
ficers, Emilio Zapata, the most for-  
midable foe of the provisional gov-  
ernment will arrive in this city to-  
morrow to swear allegiance to the  
new government, according to an  
announcement made by DeLabarra to-  
day.

After an all-night cabinet ses-  
sion it was announced today that  
financiers have promised to lend an  
unlimited amount to the pro-  
visionals to establish a stable gov-  
ernment. The loans will be placed  
in New York. The government will  
borrow \$20,000,000 as a starter.

Emilio Madero was killed while  
leading a revolt. Minister of Jus-  
tice Reyes today declared that  
peace is being rapidly established in  
spite of the reports to the contrary.

Though comparative quiet prevails  
in the capital city of Mexico, an-  
archy is spreading outside through-  
out the republic because of the slow-  
ness in sending troops to the re-  
bellious sections. The insurgents  
are looting ranches, burning build-  
ings, killing livestock and destroying  
railroads.

It is reported today that Emilio  
Madero is still alive and leading  
1,000 insurgents into Coahuila to  
join the insurgent forces of Gov-  
ernor Garza. Raoul Madero, an-  
other brother, is forming another  
rebel band in Coahuila.

Little confidence is placed in the  
promise of General Zapata to sur-  
render, because he has broken his  
word so often before.

### Many Troops at Galveston—

GALVESTON, Tex., Feb. 26 —  
Fourteen trainloads of infantry, cav-  
alry and artillery arrived here this  
morning and went into camp at  
Fort Crockett. The transports Mc-  
Clellan, Kilpatrick and Sumner are  
now here and provisioned for a 14  
days' voyage.

### Aeroplanes Sent South—

AUGUSTA, Ga., Feb. 26—Orders  
were received at the army aviation  
camp here today for all officers, men  
and aeroplanes to go immediately to  
Galveston.

### JEALOUSY CAUSE OF TRAGEDY IN ATLANTA.

ATLANTA, Ga., Feb. 26 — Mrs.  
Catherine Applebaum, held on a  
charge of murdering her husband  
yesterday, is more calm today but  
still refuses to talk. It develops  
the dead man had two divorced wives  
and many sweethearts in many parts  
of the country. It is now believed  
jealousy caused the tragedy.

## PLANS FOR WATER FRONT COME BACK

RETURNED TO CONRAD-OATES  
BY SOME UNKNOWN PERSON

FOUND INSIDE BACK DOOR OF  
OFFICE, WHERE THEY HAD  
EVIDENTLY BEEN LEFT DUR-  
ING THE NIGHT.

The missing plans for the pro-  
posed beautification of the Daytona  
water front which mysteriously dis-  
appeared from the window of the  
Conrad-Oates company about a month  
ago, have returned as mysteriously as  
they departed.

The plans were on exhibition in  
the window and a few weeks ago  
they were taken by someone. The  
Daily News called attention to the  
theft and the Island Park associa-  
tion asked that they please be re-  
turned. Evidently the conscience of  
the thief was smitten, for this morn-  
ing they were found inside the back  
door of the office with no explana-  
tion accompanying them.

Officials of the association are of  
the opinion that some one borrowed  
them temporarily and after the hue  
and cry was raised were afraid to  
openly return them and dropped them  
in the back entrance unobserved.

### FIREMAN KILLED WHEN

ATLANTA BUILDING FALLS.  
ATLANTA, Feb. 26—A three-story  
building at the corner of Trinity and  
Whitehall streets collapsed early  
this morning. Fireman J. I. Gilles-  
pie was killed and Policeman Chap-  
man was seriously injured. The  
building was being remodeled.

T. C. Luckie is expected from  
Ocala Friday to remain over Sun-  
day with his wife, who is visiting  
her mother, Mrs. F. E. Sheppard, at  
her home on South Palmetto avenue.

## BRYAN ON WAY TO CAPITAL TO ATTEND INAUGURATION

GREAT COMMONER AND FAMILY  
WILL PASS THROUGH DAYTO-  
NA EN ROUTE NORTH TOMOR-  
ROW FORENOON.

William Jennings Bryan, Mrs. Bry-  
an, their daughter, Mrs. Grace Bry-  
an Hargreaves, and R. L. Hargreaves  
will pass through Daytona at 11 o'-  
clock tomorrow morning on their way  
to Washington to attend the cere-  
monies of inauguration next Tuesday,  
when Woodrow Wilson will be in-  
augurated president of the United  
States.

Mr. Bryan will fill several engage-  
ments to lecture on the way to the  
capital and the Bryan party will  
reach Washington March 3. The  
first stop of the commoner will be at  
St. Augustine, where he will deliver  
a lecture at 3 o'clock tomorrow after-  
noon. The next will be at Jack-  
sonville, then at Columbia, S. C., and  
Raleigh, N. C., where he has speak-  
ing engagements.

The Bryan winter home in Miami  
has been closed and the furniture  
stored. A new home is being built  
in Miami for Mr. Bryan, and the con-  
tract calls for this to be completed  
by July 1. The Bryan family will  
return at that time to remain long  
enough to move into the new home  
and get everything in readiness for  
occupancy early in the winter ses-  
son.

## W. D. MOORE RESIGNS AS CASHIER OF PEOPLE'S BANK

WILL GO TO JACKSONVILLE AND  
BE SUCCEEDED HERE BY W. E.  
SULLIVAN OF DELAND FIRST  
NATIONAL.

W. D. Moore, who came here  
several weeks ago from Memphis, to  
succeed M. E. Carter as cashier of  
the Peoples State bank, has re-  
signed his position and will leave in  
a few days for Jacksonville, where  
he will be connected with one of  
the large banks of the metropolis.

W. E. Sullivan, cashier of the First  
National bank of DeLand, who is a  
director and has been associated  
with the Peoples State bank here  
since its organization, will succeed  
Mr. Moore as cashier.

## STANDARD OIL HEAD DIES TODAY

END COMES AT PALM BEACH;  
ROCKEFELLER TO STAY HERE

MEMBER OF THE ROCKEFELLER  
PARTY AT CLARENDON SAYS  
MAGNATE HAS MADE NO AR-  
RANGEMENTS TO GO NORTH.

PALM BEACH, Fla., Feb. 26 —  
James Moffett, president of the  
Standard Oil company of New Jer-  
sey, died here this morning. The  
remains, accompanied by John D.  
Rockefeller, will be started for New  
York this afternoon.

At the Clarendon hotel, where Mr.  
Rockefeller is spending the winter  
season, it was stated this afternoon  
that Mr. Rockefeller does not intend  
to accompany the body of Mr. Moffett  
to New York.

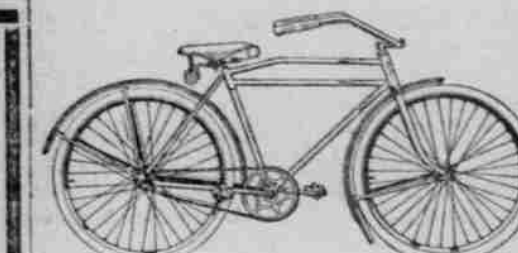

Mr. Rockefeller was at Ormond  
playing golf this afternoon and the  
statement that the oil magnate would  
not go to New York at this time  
was made by a member of his party.  
Mr. Rockefeller was informed of Mr.  
Moffett's death by wire this morn-  
ing. The oil magnate will remain at  
the Clarendon until late in March.

## LUMBER STEAMER BURNS AND SINKS IN NEW YORK.

NEW YORK, Feb. 26 — The

## DEFEAT FOR BUILDING BILL IS EXPECTED

BOTH CLARK AND BRYAN SEE  
SMALL CHANCE FOR DAYTONA

INDICATIONS ARE THAT IF BILL  
IS PASSED AT THIS SESSION  
IT WILL BE VETOED BY PRES-  
IDENT.

That there is little chance for the  
public building bill to be passed at  
this session of congress and that Day-  
tona stands small chance of receiv-  
ing an appropriation for the purchase  
of a site for a federal building in  
this city until after this session of  
congress has passed into history, is  
indicated in newspaper dispatches, as  
well as direct word from Congress-  
man Frank Clark, Senator Bryan  
and Senator Fletcher.

The following dispatch received  
from Senator Bryan by the Daily  
News is self explanatory:

"Out of the abundance of caution  
it might be well to have the winter  
residents request their congressmen  
to help. I do not believe any oppo-  
sition will be urged to this item. The  
danger is the bill will be opposed in  
its entirety and defeated because the  
session is so near the end.

"N. P. BRYAN."  
Congressman Frank Clark does not  
appear to have much faith in the as-  
sistance of outside representatives in  
congress. In a message to the Daily  
News he says:

"I can not with certainty at this  
time predict the fate of the public  
building bill. However, outside sen-  
ators and congressmen can not aid  
us with reference to the Daytona site.

"FRANK CLARK."  
Senator Duncan U. Fletcher is  
hopeful the bill will be passed and  
believes the item of \$6,000 for a site  
for a building in Daytona is safe if  
the bill is passed by the senate and  
the conferees. In a telegram to the  
Daily News, Senator Fletcher says:

"An item calling for \$6,000 for a  
public building site at Daytona was  
placed in the public building bill  
by the senate committee on public  
buildings, this being an amendment  
to the bill as it came from the house.  
I believe that this amendment is  
safe and that it will pass if the  
bill passes. The bill is now in the  
senate as reported by the senate  
committee and may be called up for  
passage today or tomorrow. I  
think that all that can be done has  
been done on this matter. Senator  
Bryan and I both appeared before the  
senate committee for Daytona and I  
will do all that I can to maintain  
the item in the bill. When the bill  
passes the senate it then goes to  
the conferees appointed by the  
senate and house.

"DUNCAN U. FLETCHER."

### Taft May Veto Bill —

WASHINGTON, Feb. 26 — It has  
been learned here from what is be-  
lieved to be reliable authority that  
President Taft has made up his mind  
to veto the public building bill as  
soon as it is disposed of in congress

Mothers Might Learn Antidotes.  
A young mother, during the infancy of her first born, set herself the task of committing to memory antidotes for the commonest poisons known, especially those that it might be possible for children to come into contact with. In addition to this, she memorized methods of aiding drowning and injured persons. In fact, learned sort of a "first aid to the injured" set of rules. Would not this be an excellent plan for all mothers?—Good Housekeeping Magazine.

### What a "Twister" Is.

In life insurance parlance the "twister" is that smooth-tongued emissary who goes about trying to persuade you to surrender your policy in a company with which you are perfectly content, on the ground that the rival company which he represents will surely yield better results.

### Not Profanity.

The word "dam" is the name of a small coin used in India and of very small value, and is also the name given by tinkers to a small wad of paper put into a hole in tinware when mending it for the purpose of preventing the solder from running through. Both mean of little value, so the expression really means "I don't care the value of a dam."

### Easy Method of Making Salt.

The process of making salt at the springs in Salinas, Mexico, is very simple. The water, which contains 4 to 7 per cent. salt, is pumped into tanks; it is then evaporated to 25 to 28 per cent, beginning to crystallize at 18 per cent. The water is then drained off and the salt swept out.

### Advice to Lawyers.

To a counsel arguing before Mr. Justice Clerkwell (Eng.) county judge Edge remarked: "Let me tell you a story of a case in which I counsel I appeared before Mr. Justice Mellor. I had used my strongest arguments, and thinking I was not convincing him I used some weak arguments afterward. Mr. Justice Mellor said to me: 'Now Mr. Edge, don't get too much water in your brandy.'"

### Rivalries.

"Why do so many musicians speak disparagingly of instruments that play mechanically?" "I don't know," replied the gentleman with Circassian hair. "But I don't see why we should be more generous toward a mechanical instrument than we are toward each other."

### Her Fault.

A certain Scotch professor was late a widower in his old age. Not very long after he suddenly announced his intention of marrying again, half apologetically, adding, "I never would have thought of it, if Lizzie hadn't died."—Harper's Magazine.

**The finest resort  
hotel in the world  
is being built at  
Sunset Mountain  
Asheville, N. C.**

Absolutely Fireproof  
Will open July 1st

Wm. S. KENNEY, manager

MR. E. W. GROVE, of St. Louis, Mo., is building the finest resort  
hotel in the world, to be opened July 1st, 1913. It will be absolutely  
fireproof, and is being built of the great boulders of Sunset Mountain, at  
whose foot it sits. It is being built by hand in the old-fashioned way.  
Full of rest and comfort and wholesomeness.

Q The front lawn is the hundred-acre eighteen-hole golf links of the  
Asheville Country Club, and with it sixty acres of our own lawn.  
Q The purest water obtainable anywhere, piped seventeen miles, from  
the slopes of Mount Mitchell, over 6000 feet altitude. Biltmore milk and  
cream exclusively, supplied from 200 registered Jerseys on the estate of  
Mr. Geo. W. Vanderbilt. It is doubtful if this famous dairy is equalled  
in the world.

Q Four hundred one-piece rugs are being made at Aubusson, France.  
Seven hundred pieces of the furniture are being made by hand by the  
Roycrofters. The silver will be hand-hammered.

Q The plumbing material will be the finest that has ever been placed in  
any hotel in the world. The soil pipe has been hydraulically tested and  
then galvanized. The hot water pipe, 18,000 lbs. in weight, will be solid  
brass. The steam pipes are Byers' genuine lap-welded wrought iron tested  
hydraulically to 1000 lbs. The bathtubs and fixtures all solid porcelain.  
No pipes visible anywhere. No radiators to be seen—all placed in re-  
cesses under windows. No electric bulbs to be seen.

Q The "Big Room," or what some call the lobby, is 80 feet by 120, and  
the rugs in this one room will be worth \$5000.00. The two great fire  
places in it will burn twelve-foot logs.

Q For the golfers we are building lockers and shower bath rooms with  
a forty-foot swimming pool that will not be excelled by the finest clubs  
in existence, and the players will be less than 100 yards distant when they  
are on the links.

Q Mr. Wm. S. Kenney, of Bretton Woods, N. H., who has shown in his  
management of The Mount Washington hotel and Hotel Clarendon,  
that he is the peer of hotel keepers, will manage the Inn.

Q We own eight hundred acres around the Inn (consumptives not  
taken).

Q Especially available for northern guests in the Spring, Fall and Winter,  
going or returning from farther southern resorts, or for an all Winter re-  
sort.

Q The Inn is located on the side of Sunset Mountain, about a mile from  
the top, and is not only cool enough in the Summer to make a blanket  
necessary at night, but is protected and mild enough in the Winter to  
make life enjoyable without encumbrance.

## NEW OFFICERS NOMINATED

## FOR LOCAL LODGE OF ELKS

INTERESTING FEATURE OF SES-  
 SION HELD LAST NIGHT WAS  
 INITIATION OF "GOOSE GIRL"  
 MAN.

The following members were no-  
 minated to hold office in the Daytona  
 lodge of Elks during the coming  
 year, at the regular meeting of that  
 organization last night:

Exalted Ruler—J. D. Miley.  
 Esteemed Leading Knight—D. P.  
 Smith.  
 Esteemed Loyal Knight—H. E.  
 Burdick.

Esteemed Lecturing Knight—  
 Charles Netherton.  
 Secretary—Geo. F. Crouch.  
 Treasurer—F. N. Conrad.  
 Trustee—F. J. Niver.

The annual election of officers  
 will be held in connection with the  
 regular meeting of the lodge next  
 week.  
 An interesting feature of the lodge  
 session last night was the initiation  
 of V. C. Sutherland, a member of  
 the theatrical company which pre-  
 sented "The Goose Girl" here last  
 night. This initiation makes Mr.  
 Sutherland a member of the Paducah,  
 Ky., lodge. Two other candidates in-  
 stituted last night were Gus Wright  
 and Rufus M. Robbins of Titusville.

## Matter of Sound.

It was at one of the West Side  
 schools the other day that the word  
 "catch" came up in the lesson. The  
 little girl who was reciting did not  
 recognize the word, and another small  
 child was asked to define it. "Catch,"  
 she asked, "Why catch means just  
 to catch?"—Mother's Magazine.

CHENEY AND  
MARKS LIKELY  
TO LOSE OUT

LESS THAN A WEEK IS LEFT  
TO CONFIRM APPOINTMENTS

JUDGE CALL IS BEING CONSID-  
 ERED AND FORMER GOVERNOR  
 JENNINGS MAY HAVE CHANCE  
 TO WEAR TOGA.

JACKSONVILLE, Feb. 24.—Judge  
 John M. Cheney, of the United States  
 district court for the southern district  
 of Florida, and Richard P. Marks, fed-  
 eral attorney for the same district,  
 are likely to lose their positions when  
 Woodrow Wilson becomes president,  
 as the United States senate has  
 failed to confirm their appointment  
 by President Taft, and has less than  
 one week left in which to act.

From the present indications, both  
 officials, who are republicans, will  
 feel the keen edge of the axe with-  
 in the next few weeks and will be  
 replaced by democrats.

Although strong efforts have been  
 made to secure their confirmation in  
 the senate, there has been sufficient  
 democratic influence up to this time  
 to prevent it, and it is understood  
 that like the Arab, they are get-  
 ting ready to "fold their tents and  
 steal silently away."

If Cheney and Marks are shunted  
 into oblivion, either Judge Elyah M.  
 Call, of the circuit court, or former  
 Governor Wm. S. Jennings may get  
 the judgeship, although United States  
 Senator Duncan U. Fletcher is said  
 to be a receptive candidate for the  
 Cheney mantle.

Judge Call has the advantage of an  
 endorsement from a majority of the  
 lawyers of the state, but Jennings  
 is a cousin of William Jennings Bry-  
 an, the man who secured the presi-  
 dential nomination for Woodrow Wil-  
 son, so to say the former governor  
 looks like a safe bet for the job.

If Senator Fletcher really wants  
 the position, his chances are also re-  
 garded as good, although there has  
 been considerable talk of the senator  
 coming from Florida for the secre-  
 taryship of the treasury in the Wil-  
 son cabinet.

Whatever may be the outcome,  
 however, interest in Wilson's prob-  
 able appointments in Florida is keen,  
 and everybody is talking politics and  
 speculating.

That Wilson will be kindly dispo-  
 sed toward ambitious Floridians is not  
 doubted, because of the fact that Bry-  
 an has established his winter home  
 near Miami. Whether Wilson can  
 forget that Fletcher was a strong Un-  
 derwood booster when he begins to  
 distribute the jobs is a question that  
 is causing uneasiness in some quar-  
 ters.

If Fletcher should be chosen for a  
 cabinet position or for the judgeship,  
 Florida would witness a senatorial  
 battle which would be well worth see-  
 ing, after the governor's appointees  
 had completed Fletcher's unexpired  
 term. There is little doubt, however,  
 that if Fletcher continues as senator  
 that the battle will be equally fierce.  
 As Governor Trammell and Sen-  
 ator Nithon are both ambitious to  
 wear the toga, to say nothing of a  
 strong array of lesser lights.

DEFEAT FOR BUILDING  
BILL IS EXPECTED

(Continued from First Page.)

and sent to him for his signature.  
 Word to this effect, it is said, has  
 been sent from the president to Con-  
 gressman Underwood, and by him  
 transmitted to other members of the  
 house. While this story has been  
 current here for several days, it has  
 just been traced to Mr. Underwood.  
 It is now said that word has come  
 to him direct from the White House  
 that there shall be no bill of this  
 kind now. The reason is simple.  
 The president thinks that \$45,000,000  
 is too much to put into such a meas-  
 ure when many of the items it cov-  
 ers are not greatly needed. It is also  
 said that if this action is taken, the  
 advocates of a building bill in the  
 house will become active with the  
 signing of the extra session in April  
 and leave no stone unturned to get  
 such a bill through.

## Cautious Lady.

Tom Hood, on hearing the story of  
 a very inquisitive lady spoken of,  
 said: "Yes, she is well known for her  
 curiosity."

 puts many a conscience to sleep.

A WELL KNOWN DAYTONIAN

 being accompanied by the widow  
 and daughter-in-law, Mrs. W. B.  
 Chittenden, Jr., of St. Louis, who  
 has been with Mr. and Mrs. Chit-  
 tenden since the return north of her  
 husband last week. No services will  
 be held here, the services being  
 conducted in St. Louis.

Mr. Chittenden is survived by his  
 wife, Alice Rayner Chittenden, and  
 three sons, Sudham Chittenden of  
 Chicago, Ill., and Ward B. Chit-  
 tenden, Jr., and Merrill Chittenden of  
 St. Louis.

Mr. Chittenden came to Daytona  
 with his family 10 or 12 years ago  
 and has since then spent most of  
 the time here, going north for a while  
 during the summers. He bought  
 property on North Ridgewood ave-  
 nue and erected several dwelling  
 houses, retaining for his own occu-  
 pancy the comfortable residence at the  
 corner of Ridgewood and  
 Second avenues.

Mr. Chittenden took an active in-  
 terest in public affairs here and for  
 some time was a member of the  
 Board of Public Works, failing health  
 finally compelling him to resign his  
 place in that body.

He had many friends here who will  
 learn of his death with regret, and  
 his widow and sons will have the  
 deep sympathy of a host of friends  
 in this city and elsewhere.

FIRST BUDGET  
MESSAGE FOR  
MANY YEARS

TAFT GIVES ESTIMATES AND  
MAKES RECOMMENDATIONS

PRESIDENT BELIEVES BUDGET  
 WILL GREATLY FACILITATE  
 WORK OF CONGRESS IN AP-  
 PROPRIATIONS.

WASHINGTON, Feb. 24.—For the  
 first time in the history of the Amer-  
 ican government a budget message  
 was submitted by the chief executive  
 of the United States when President  
 Taft today sent to the senate and  
 the house of representatives a state-  
 ment, in budget form, on the finan-  
 cial conditions of the various govern-  
 mental departments, together with  
 certain recommendations and esti-  
 mates on revenues and expenditures.

This departure from precedent,  
 the president said, was actuated "by  
 experience and common sense," and  
 was supported "by the judgment  
 and experience that has obtained in  
 the management of corporate bodies,  
 both public and private" in which the  
 executive board annually sets forth  
 "what has been done during the past  
 year, and that it is proposed that  
 the corporation shall do so during the  
 next year."

Though President Taft did not  
 charge directly that this failure for  
 more than a quarter of a century to  
 issue a budget from the White House  
 had caused a waste of the public's  
 money, he at least charged gross  
 carelessness when he said that this  
 government, with expenditures of  
 "more than one thousand million dol-  
 lars each year," may be said "to be  
 without a plan or program" as to its  
 finances.

The president said that the advan-  
 tage to congress of a budget submit-  
 ted by the "responsible head of the  
 administration, now be apparent,  
 inasmuch as it would greatly facili-  
 tate the work of that body in mak-  
 ing appropriations.

After reviewing, with tables of sta-  
 tistics, the various departments of  
 the financial side of the government,  
 the president concluded his message  
 with a number of recommendations.

He repeated his previous recom-  
 mendation to effect "an economy  
 by putting postmasters upon the clas-  
 sified list, declaring that the result  
 would be a saving of \$4,500,000.

The sinking fund act, he said, had  
 "become a dead letter," and should  
 be revised.

A recommendation, that he dealt  
 at length with, was that "the gov-  
 ernment at Washington should be  
 housed in public buildings which  
 should be built in such manner as to  
 conform to a general plan of public  
 buildings for the government within  
 the city," and he proposed that it  
 would be well to spend from \$25,000-  
 000 to \$30,000,000 within the next  
 two years to carry out the propo-  
 sal. The saving in rent now being paid to  
 the District of Columbia, which would  
 be affected by such a program, the  
 president said, would warrant the in-  
 vestment of \$20,000,000.

The president proposed that  
 bonds should be issued and money  
 borrowed thereon for the govern-  
 ment's land purchase, buildings and  
 public works, with the cost pro-  
 portioned over a period of 20 years,  
 and with the bonds payable out of a  
 sinking fund.

In order that the government might  
 be more efficiently administered the  
 president recommended that a bureau  
 of administrative control should be  
 established, which would really be a  
 consolidation of the auditor's office  
 and the comptroller of the currency  
 the other central accounting offices,  
 into one executive bureau.

Endorsement was given to the  
 proposition of certain congressmen  
 that a budget committee should be  
 established as a final clearing house.

## Already Identified.

"I am afraid you have more money  
 than you know what to do with."  
 "Perhaps," replied Mr. Charles Star.  
 "But the world is getting more than  
 it needs of people who have more than they  
 know what to do with and those  
 who have more than they know what  
 to do with."—Washington Star.

## That Terrible Habit of Work.

Pat—"Say, Jimmy, please would you  
 go if you had all the money you want  
 yet?"  
 "Dime"—"Of course I'd be glad to go  
 to work in an automobile instead  
 of a trolley car."—Boston Transcript.

### GRAND MATRON AND PATRON VISIT LIVE OAK CHAPTER.

Grand Matron Martha H. Carter of Holly Hill, and Grand Patron E. E. Haskell, of Palatka, paid an official visit to Live Oak Chapter, No. 1, Order of the Eastern Star of this city at the regular meeting in Masonic hall, Orange avenue, yesterday evening. The grand patron was accompanied by his wife, who is grand marshal.

There was a large attendance of both members and visitors and the session was an interesting one, including exemplification of the work with a real candidate.

The grand matron and grand patron were presented with beautiful bouquets of carnations and the grand matron also received a handsome gold bracelet, the gift of the local chapter. In addition, Mrs. Katherine F. Smith of this city, grand Electra, presented the grand matron with a neat record book for the autographs of grand officers.

At the conclusion of the work a banquet was served in the large banquet hall on the ground floor of the building and a pleasant social time was enjoyed.

### NEWLY WEDS AND THEIR BABY HERE TOMORROW.

It is safe to say that nine out of every ten people who read that Geo. McManus' Newlyweds' baby was coming to the New Daytona theater tomorrow night, wonder how on earth even a fair musical comedy could be written around a baby whose total vocabulary was "Da-da." But it has been done, and the result is a screamingly funny farce.

It is a study in character feminine to see how the first appearance of the baby affects the women in the audience. Little Napoleon backs on the stage and turning toward the audience sits up, looks around, blinks his eyes and then says, "Da-da" and grins with that single tooth. Instantly there is a shout of laughter from the women, mingled with tears that run down their faces. Which was it—merriment or motherliness, or both—you students of psychology?

The New Daytona theater will be filled to overflowing tomorrow night, if the box office indications count for anything. This is the greatest laugh producing musical company that has been here in years.

### NEW DELIVERY SERVICE TO BE INAUGURATED HERE.

A new truck services for the delivery of freight and baggage will be inaugurated in this city about the first of next month by the Motor Transfer company, Harry Erickson, manager. The company will transact a general transfer business from the railroad depot and steamer landings to all parts of the city and vicinity. The vehicle intended for the work, an Indiana two ton truck, is now in Jacksonville and expected here at any time within the next few days. The company contemplates putting another truck into the service next fall. The office of the company will be located in P. C. Rodgers' place of business, 34 South Beach street. The manager of the company, Harry Erickson, is a well known young man of this city. He has been for some time employed in the freight department of the F. E. C. railway at this place and his familiarity with the receipt and shipment of freight will aid him materially in the conduct of the transfer business and be of great assistance to the patrons of the new company.

**Claim the Oldest Language.**  
It is asserted by the Basques that their language, which bears a strong resemblance to certain North American dialects, is the oldest one in the world, and was spoken by Adam and Eve in the garden of Eden. They also boast that it is the most difficult of all languages to learn. According to a native legend, the devil lived among the Basques for seven years, and during that time learned only two words of their tongue, "hal" and "ez," "yes" and "no," and these two words he forgot within an hour of leaving the country.

**Living for Others.**  
There is light and safety, safety and beauty in thinking, planning, working, living for others. It leads not to stultify but to a life of peace, health and content of the mind and the soul alike. But self-seeking, self-exaltation, self-interest run mad—that distortion of human nature is a potent lure to destruction. It is of the very essence of crime.—Exchange.

**Much Timber in Reserve.**  
The rich forests of the Caucasus offer a wide field for future development, although the walnut forests and the boxwood forests along the coast have been fully exploited. Two lumber mills, one at Poti and the other at Sukhum-Kalee, represent the bulk of the lumbering carried on at present.

**EFFORTS WILL BE MADE TO HAVE INCREASE IN RATE OF PAY FOR FEEDING PRISONERS WHILE IN JAIL.**

JACKSONVILLE, Feb. 26.—As the result of a unanimous vote by the Florida State Sheriffs' association, the legislature will be asked at its next session to put the rate of pay for boarding of prisoners, held in the jails of the state, at a higher rate, owing to the increased cost of provisions since 15 years ago when 30 cents per diem was made the legal rate. The legislature will be asked to pass a measure which will allow the expenditure of 50 cents per day per prisoner up until the number held is ten, and after this number is reached 40 cents per day for each one additional.

The resolution was perhaps the most important matter which the convention passed upon. A motion was carried, however, asking that the legislature increase the pay of bailiffs and guards from \$1.25 and \$1 per day, respectively, to \$2 per day for both lines of work. It was the unanimous opinion of the sheriffs that bailiffs and guards were inadequately paid and that \$2 per day was as low a figure as reliable men could be hired for now.

Sheriff Kennerly, of Putnam county, introduced a resolution which also carried, asking that the state authorize the county commissioners to pay the salaries of the county jailers. Reasons for this was stated by a number of men attending the convention, chief of which was that the position was one of responsibility and required the constant attention of one man of the sheriff's staff.

The State Sheriffs' association will have a called meeting at Tallahassee on April 9. By that time the bill, which they deem of extreme importance in relieving present needs will have been drafted. A side resolution which was carried at the meeting here, appoints every sheriff of the state as a committee of one to see the senators and representatives of his district and county and show just where the requests of the association are reasonable and just. The association will seek to show their logical position on such bills, too, with the committee present at Tallahassee during the first few weeks of the general assembly.

**Bostonian Learns Something.**  
The folly of interfering with a newsboy was illustrated on Hanover street. A well-dressed man took to task a newsboy who was crying a fake extra and read the riot act to him in fine style. The boy said nothing, but when the man started to run for a North Station car he raised the cry of "Stop thief!" which was at once taken up by several of his companions, and in a moment an angry crowd was at the heels of the luckless one, who was forced to take a trip to the station house before the matter was cleared up.—Boston Journal.

**Purse With Money in a Cod.**  
A housekeeper at Queenstown, Ireland, constabulary barracks while cleaning a codfish about 30 pounds in weight discovered inside the fish a purse containing a number of silver coins of the reign of Queen Victoria. The purse was of leather, steel bound and in good preservation. It also contained some inscribed paper, which was reduced almost to pulp.

**Sun-Worn Curtains.**  
In cases where a pair of curtains must do for another season and they are too sun-worn in the middle to serve, cut away the sun-worn portions and sew across, then where sew use a cord or ribbon, and, if neither of these are at hand, make a couple of straps of old linen, and use them to tie the curtains back at the place they are spliced. Old linen bows, well starched, are neat.

**Quinine in the Good Old Days.**  
There is a whole lot of difference in the price of quinine now and 50 years ago. Then it sold for \$5 and sometimes more an ounce. Now it can be bought for one-tenth of that amount. The \$5 quinine was taken in syrup, baked apples, slippery elm or anything that would cover up the stuff and partly disguise the taste.—Madisonville Hustler.

As the result of a visit by some unknown person to his back yard some time during the forenoon Tuesday, George F. Smith is minus a pair of trousers and a coat and now has an extra vest. Mr. Smith had two suits of clothes hanging on a line in the back yard and some time, around 10 o'clock, in the forenoon, some person quietly walked off with the coat and trousers of one suit, leaving the vest and the other suit. Now Mr. Smith would like to interview the person to learn just why he didn't take the vest.

### GILES H. BLIVEN WEDS COMPANION OF CHILDHOOD.

Giles H. Bliven and Mrs. Mary Knight were united in marriage Sunday afternoon at 3 o'clock at the groom's home on North Ridgewood avenue, the ceremony being performed by A. K. Brokaw, notary public, in the presence of a few intimate friends, who following the ceremony enjoyed a delicious wedding repast, served in the dining room of the residence. The bride, who is from New Hampshire, was a childhood friend and schoolmate of the groom. The couple received a number of wedding presents, both useful and ornamental.

Mrs. Ida M. Kimmel, who had been a guest at one of the local hotels for some time in company with her husband, E. F. Kimmel, died this morning, aged 46 years. The remains will be taken north this afternoon by the bereaved husband for interment at Dayton, Ohio.

### FIST FIGHT ON FLOOR OF HOUSE ENLIVENS THINGS

**CONGRESSMAN AND SERGEANT AT ARMS ENGAGE IN LIVELY BOUT UNTIL SEPARATED BY MEMBERS.**

WASHINGTON, Feb. 26.—Congressman Murray of Massachusetts and Sergeant at Arms Ketron of the house engaged in a fist fight on the floor of the house today, during the consideration of the naval appropriation bill. Murray leaped to the speaker's desk and shouted, "Parliamentary inquiry!" Congressman Alexander of Missouri, who was in the chair, ordered Murray to take his seat and Murray refused to go. Ketron threw Murray down three steps and then they engaged in a fist fight until they were separated by Congressmen Fitzgerald of New York and Shirley of Kentucky.

The house today adopted the amendment to the naval appropriation bill cutting the amount from \$131,000,000 to \$123,000,000, and providing for but one battleship.

The senate today passed the bill providing for a department of labor.

### COLORED PICKPOCKET CAUGHT IN THE ACT.

Caught in the act of picking the pocket of a negro girl riding on the merry-go-round at the carnival last night, a young black giving the name of George Harvey was arrested by Marshal Milton. He was given a hearing before Justice Zuber and bound over to the criminal court. The man claims he has been following the carnival and doing a little work in "setting up" and "knocking down" for the owner of one of the attractions to get his transportation. He had no connection with the carnival and Manager Johnny Jones was much pleased at the arrest.

**Picturesque Manchuria.**

Wheat comes into the mills and to the rivers and railways of Manchuria from almost incredible distances. In the winter, when the rough, ungraded roads are frozen hard and smooth, the natives haul wheat for 200 miles, in some cases by means of a heavy, two wheeled cart drawn by four to eight mules. Long trains of these carts, traveling together for protection and companionship at night, can be seen on the main highways all winter and are the most picturesque feature of Manchurian life.

## BOTH HOUSES FAVOR SIX YEAR TERM

**LEGISLATION TO THIS END COMING AT SPECIAL SESSION**

**ONE TERM FOR PRESIDENT WOULD REQUIRE EXTENSIVE CHANGES TO BE MADE IN CONSTITUTION.**

WASHINGTON, Feb. 26.—Leaders in both the house and the senate are convinced that decisive action will be taken at the coming special session of congress to carry into effect, as far as the national legislature can accomplish it, the single presidential term idea. Sentiment in both houses is very pronounced in favor of this reform, and is based largely on the theory that the president should not be swerved in his conduct of the highest office in the land by any political or other considerations arising out of a desire to be re-elected for a second term. There are numerous views as to how the plan may be put into effect and the chief of it is conceded, is to harmonize these views and formulate an amendment to the constitution which will be as free of partisan politics as possible and still conform to the basic idea of a majority of the members of both legislative branches.

It is now admitted that the principal reason for the failure of the six year term bill in the house was the inability of the house leaders to harmonize their views with those of the senators. There was also the question raised of what effect a constitutional amendment would have on President-elect Wilson, ex-President Roosevelt and President Taft.

Whatever plan is agreed to it is believed that it will comprehend putting no restrictions on either Taft, Roosevelt, or Wilson from running in 1916 for the presidency, but it is predicted that whoever may be the successful aspirant that year there is every reason to expect that he will be limited to one term and that all his successors will be limited to the same length of tenure of office.

With the adoption of a one term amendment to the constitution will probably also be adopted some for bringing a new congress and administration into power just as soon after election as it is feasible to do so. It is also likely that the session of congress will be somewhat altered. Instead of having long and short terms provided for it is suggested that each term begin on the same date and that there be a constitutional limit on its length, if any, so as to prevent the congestion of legislative business that now occurs at each short session.

One plan suggested is that the presidential term, as well as the terms of senators and congressmen shall begin on January 1 of each year subsequent to the November election. This plan would allow new administrations and new congresses to assume the reins of power within two months after they are actually elected.

These changes, if an attempt is made to put all of them into effect, would require an extensive overhauling of the constitution so as to change the dates on which the electoral college acts and on which a number of other formalities necessary

to the induction of new officials into office occur.

One strong objection to the six year idea is the possibility of a vice president succeeding to the presidency and serving a total term of 11 years, or over. This would occur in case a six year term rule went into effect and in the case of the president's death, after a few months in office, the vice president succeeding him and was later elected to be president.

To amend the constitution a two-third vote is required in both houses of congress and the proposed amendment must then be ratified by the legislatures of three-fourths of the states, or 36 states in all.

Ratification is a process that requires from three to five years.

### Merely Moral Effect.

"Some of these reformers," said Uncle Raspberry, "makes me think of Rastus Pinkley's dog. I says to 'im, 'Rastus, I says, 'Is dat dog good foh rats?' An' he says, 'No; he's mighty bad foh rats.' 'Does he ketch 'em an' kill 'em?' 'No,' says Rastus; 'he don't ketch 'em, ner he don't kill 'em. But if they comes foolin' around him he'll mighty near skeer 'em 'to death.'"—Washington Star.

### Good Hint.

Those who keep up a regular correspondence with several friends will find it a good plan to keep envelopes addressed to each of them in some convenient place, and into these to slip newspaper cuttings and notes of things which will interest each particular correspondent. When the time comes to write the letter it will be found that the task is practically accomplished.

### Longevity of the Earth.

That the age of primitive man in France runs back at least two hundred thousand years has been satisfactorily proved by Lyell and other geologists, who showed that it has taken at least this long for the rivers to wear away their beds below the caves where they once flowed.

News from the Florida Briefly Told

Beginning at once the board of  
health will make a house to house  
survey of the city to determine the  
sanitary condition of the premises.The new Seaboard railroad is soon  
to be a reality in Bartow, the blow-  
ing and whistling of the trains are  
now heard daily, and in a few more  
days, March 3rd, the first passenger  
train will run to Tampa, leaving  
Bartow about 7:30 o'clock in the  
morning.Judge P. H. White has returned  
to Quincy from an extensive trip  
down the East Coast and Cuba. The  
Judge is a wonderful man for his  
age, 93 years. He stands these long  
trips remarkably well. While in  
Cuba he went some distance into the  
interior, and returning went through  
Lake Okeechobee from the West  
Coast to the East Coast.A cash deal of considerable mag-  
nitude, which, it is understood, involved  
in the neighborhood of \$50,000, was  
consummated in Pensacola late  
Saturday afternoon, when J. D.  
Johnston and J. M. Brown, both re-  
cently of Miller's Ferry, Washington  
county, Florida, bought the con-  
trolling interest in the large turpen-  
tine farm of the McPhaul Turpen-  
tine company, near the new town of  
Megargel, on the proposed extension  
of the Gulf, Florida and Alabama rail-  
way, in Monroe county, Alabama.An unusual and highly interesting  
occasion was the graduation of 38  
pupils of the "short course" at  
the Florida State College for Women  
at Tallahassee. The graduates had  
completed the prescribed course in  
home economics and received certifi-  
cates to that effect from the hands of  
the president of the college. The  
opportunity that is afforded for  
the study of home economics, do-  
mestic science and domestic art at  
the state college is not excelled in  
any state and the fact that the  
graduates who received their certifi-  
cates Friday last ranged in ages from  
16 to 60 suggests that the women of  
Florida are appreciative.Lively debate occupied considerable  
time at the meeting of the charter  
convention in St. Petersburg, the  
subject being whether St. Peters-  
burg should have a manager, at a  
fine salary, or be governed by three  
high salaried commissioners. The  
debate waxed warm, but finally was  
settled by agreeing to allow the  
people to decide, at a special elec-  
tion. Two plans will be presented to  
the people by the charter convention.  
One is to have a city manager, in  
direct and complete control of the  
business affairs of the city, the other  
is to have three commissioners to control.\*Ladies' and children's sweaters at

**ADVANTAGES OF DEEP WATER****ARE DISCUSSED AT MEETING****DELEGATES TO MASS GATHER-****ING AT NEW SMYRNA DISCUSS****WHAT MATTER MEANS TO****THIS PART OF STATE.**Members of the delegation from  
this city that attended the meeting  
at New Smyrna Monday evening, re-  
turned with the feeling that the im-  
provement of Mosquito Inlet is as-  
sured. The meeting was so well at-  
tended and enthusiastic and its ac-  
tion so harmonious that it presaged  
well for the work to be accomplished  
by the Central Florida Deep Water-  
ways association, the organization  
of which formed the business for  
which the meeting had been called.The meeting was held in the Palace  
theater, which was filled to its ut-  
most capacity by the delegates from  
the various towns and cities inter-  
ested in the development of the inlet  
and residents of New Smyrna who  
are alive to the importance of the  
improvement.Judge C. E. Barrett, who was later  
elected president of the associa-  
tion, was called upon to act as chair-  
man and H. I. Hamilton was select-  
ed as secretary. Both are residents  
of New Smyrna.Among the speakers of the evening  
were Judge Barrett, Dr. Lincoln A.  
Hulley, president of Stetson univer-  
sity, DeLand, State Attorney Cary D.  
Landis, also of DeLand, T. K. Bates  
and Mr. Walker, of Sanford, Rev. D.  
H. Rutter and S. H. Gove, of Day-  
tona, Dr. J. A. Van Valzah, of Daytona  
Beach, C. F. Burgman of Seabreeze  
and E. H. Perrell of Titusville.Dr. Hulley spoke of the develop-  
ment of the various crops of the mid-  
dle section of the state; of the cel-  
ery at Sanford, strawberries at  
Starke, potatoes at Hastings, of the  
sea island cotton, tobacco, etc., and  
the fact that facilities for moving  
these crops were not keeping pace  
with the production. He called atten-  
tion to the fact that Mosquito Inlet  
is strategically located as a port  
of entry for the relief of the whole  
middle section of the state. He said  
the creator had placed the inlet there  
for this very purpose and it should  
be used by man for that object and  
be urged co-operation for the secur-  
ing of this important improvement.Mr. Landis in his address empha-  
sized the fact that the DeLand de-  
legation to the meeting represented  
the Business Men's League of that  
city which would give its support to  
the project. He said there was al-  
ways a right time to make use of an  
opportunity and now is the time to  
work for the improvement of the in-  
let as a Floridian is at the head of  
the Rivers and Harbors committee  
and congress is in a mood to help  
in the development of the natural wa-  
terways of the country.T. K. Bates, of Sanford, a vigor-  
ous speaker, said that the delega-  
tion from that city had come to offer  
help for the project in which their  
people were also deeply interest-  
ed. He spoke of the various crops  
raised in the Sanford district and the  
excessive freight rates paid to mar-  
ket them, saying that upon one of  
these crops alone it cost the produc-  
ers as high as \$1,500 an acre for  
freight charges to northern markets.  
He said the Sanford board of trade  
had received letters from the Flori-  
da senators and Congressman Frank  
Clark signifying their willingness to  
assist in the matter at issue. He  
also said that the improvement of  
the inlet was not a local issue, but  
should have the hearty, mutual sup-  
port of the contiguous territory.C. F. Burgman, always an inter-  
esting speaker, impressed the impor-  
tance of united and concerted action  
for the project and said it would  
surely be obtained by proper effort.  
An interesting point in transporta-  
tion brought out by Mr. Burgman, ob-  
tained from the statistics of the na-  
tional commerce commission was that  
showing the average rate of carriage  
by rail in the United States is 23  
miles per day while that by water  
is 260 miles per day. Mr. Burgman  
asked the question, "Why organize?"  
and answered it by saying that it  
was for the purpose of securing a  
stronger sentiment for the project  
and to collect facts and figures to  
be used in a combined and united ef-  
fort such as was necessary to secure  
the desired improvement.Mr. Rutter spoke briefly, using  
as his principal point the inability of  
the coastal canal to meet the de-  
mands for transportation, as had  
been advanced by some, owing to  
the necessity for reloading or trans-  
ferring freights to larger vessels at  
Jacksonville for transportation to  
northern cities. He said, however,  
that with the improvement of the  
inlet would come the necessity for  
the deepening and improving of the  
river and canal as a feeder to the  
port of entry. He also urgedimportance of earnest co-operation  
in the movement.Mr. Gove said he was greatly  
pleased to see the large attendance  
and the enthusiasm manifested. He  
said the demand for better transpor-  
tation along the East Coast was con-  
stantly increasing and the railroad  
could not now properly handle the  
products of the country through  
which it passes and there should be  
a direct line from central Florida to  
northern points and that so far as  
freights were concerned at the pre-  
sent time Daytona was at best four  
days from Jacksonville.Mr. Walker made a brief speech  
conveying greetings and the proffer  
of support for the project from the  
commercial club of Sanford and Mr.  
Perrell of Titusville assured the  
meeting of the co-operation of that  
city in the movement for Mosquito  
inlet improvement.Dr. Van Valzah called attention to  
the fact that the Jacksonville board  
of trade inaugurated the movement  
for deep water for that city and the  
county made an appropriation for  
the purpose and later the matter was  
taken up by the government. He  
also made the statement referred to  
in the article in yesterday's Daily  
News, that Captain J. R. Slattery  
had said to him that the improve-  
ment of Mosquito Inlet was sure to  
come and that the coastal canal  
would surely be made navigable for  
boats of six feet draft. This, and  
the letter to the New Smyrna board  
of trade from President J. R. Par-  
rott, of the F. E. C. railway, stat-  
ing that the movement would have  
his co-operation, were welcome en-  
couragements.At the close of the meeting, during  
which the organization of the Cen-  
tral Florida Deep Waterways associa-  
tion had been accomplished, as  
stated in Monday's issue of the  
Daily News, the announcement was  
made that refreshments had been  
provided at a nearby restaurant and  
quite a number took advantage of  
the hospitality of the New Smyrna  
people and enjoyed a midnight  
luncheon.**MME. POINCARE**Mme. Poincare, wife of the newly

human affairs, the minds of men will  
be fitted to it, the general opinions  
and feelings will draw that way. Ev-  
ery fear, every hope, will forward it;

\*Jubilee concert at the New Daytona theater, Friday, 8 p. m., benefit Daytona Industrial School for Negro Girls. Admission 35 and 50 cents.

"The Goose Girl," a far more pleasing play than is usually offered local theatergoers, was enjoyed by a small but appreciative audience at the New Daytona theater last night. The attraction was one of the best scheduled for the local playhouse this season and those who did not see the presentation missed one of the real treats. To those who have read and enjoyed the book, it is all the more pleasing as a play. The company is a well balanced one and every part in the play was well taken.

\*Still pleasing people every day. JUNGLE STUDIO.

Every advocate of good roads in the state of Florida is urged to attend the state good roads convention to be held in Eufla tomorrow and Friday, when ways and means will be considered to secure favorable good roads legislation at Tallahassee at the coming session of the legislature. The convention this week will be the most important one in the history of the state good roads association and will probably be attended by the largest number of good roads boosters ever gathered in the state.

\*Attend the Jubilee concert at the New Daytona theater, Friday evening, February 28.

Mr. and Mrs. Nathan Cottelle of Providence, R. I., returned from the south Monday and are guests for a couple of weeks at the Cedars. Mr. and Mrs. Cottelle stopped for about a week in this city on their way down the coast and were so much pleased with Daytona that they decided to make another visit here before returning north. Mr. Cottelle says it is an ideal spot and although they visited all the points of interest along the coast they saw nothing to compare with it in beauty and attractiveness.

\*Yacht Ellayre for charter, \$10 a day. 34 South Beach street. 58-1f

Miss Anna Fitzgerald, trained nurse of Newport, N. Y., who has been in the city for two months or more, left Tuesday on her return north.

Mrs. Katherine Frink of St. Louis, Mo., and Mrs. C. A. Dudley of Orlando, sisters of Mrs. W. J. M. Shaffner of this city, are visiting Col. and Mrs. Shaffner at their North Ridgewood avenue home, having arrived Tuesday afternoon from Orlando, where Mrs. Frink has been with Mrs. Dudley for two weeks or more. Mrs. Dudley is not yet fully recovered from her injuries received three months or more ago from a fall at her home in Orlando. Both ladies have several times in the past visited Daytona.

\*The place to spend your evenings —P. C. Rogers—Cigars, pool, candies.

Among the delightful social affairs given on Washington's birthday, was the party given by Mrs. Charles V. Gailor at her home on Fairview avenue. Progressive games and a contest on historical questions passed the afternoon pleasantly. A luncheon of two courses was enjoyed at the close of the games. Mrs. Gailor was assisted by her mother, Mrs. A. Winne, in dispensing gracious hospitality.

\*Take a cup of afternoon tea at the Green Lattice, 88 S. Beach St. 70-3t

Miss Ida Woodrich entertained a number of friends Tuesday afternoon at the pleasant Condit home on Orange avenue. The pretty affair was given in honor of Miss Edith Barnard of Chicago. Progressive games were enjoyed and the prizes were awarded to Mrs. Cutten and Mrs. J. G. Brown. A delicious two course luncheon was served at the conclusion of the games.

Dillon Bashor of Umatilla, a cousin of Miss Alice and Albert Humphries, is visiting I. F. Humphries and family at their home on South Ridgewood avenue for a few days, coming here Tuesday on his way to Miami. Miss Humphries recently returned from a several weeks visit with Mr. Bashor and other relatives at Umatilla.

### Pad With Papers.

When one does not happen to have an old blanket, which is usually used as a padding for the ironing board, a lot of old newspapers will be found to be an excellent substitute. Lay them smoothly on the board until you have the required thickness; then cover with a piece of cotton. The papers can be renewed from time to time and you always have a clean, smooth board.

### Love.

Love is watchful, and, sleeping, slumbereth not. Though wearied, it is not tired; though pressed, it is not straightened; though alarmed, it is not confounded; but as a lively flame and burning torch, it forces its way upward and securely passeth through all.—Thomas a Kempis.

### Daily Thought.

Alexander the Great, reflecting on his friends degenerating into sloth and luxury, told them that it was a most slavish thing to luxuriate and a most royal thing to labor.—Isaac Barrow.

### Differing View.

"I asked your husband last night if he had to live his life over again if he would marry you, and he said he certainly would." "He certainly wouldn't."—Judge.

### Abraham Lincoln's Plea.

Both read the same Bible and pray to the same God; and each invokes his aid against the other. Let us judge not that we be not judged.—Abraham Lincoln.

### Teddy Knows.

"Now, Teddy," said the teacher, "is Jerusalem a proper noun or a common noun?" "Tain't neither," came the prompt reply from Teddy. "It's an ejaculation."

### Man is an Encyclopedia.

A man is the whole encyclopedia of facts. The creation of a thousand forests is in one acorn, and Egypt, Greece, Rome, Gaul, Britain, America, lie folded already in the first man.—Emerson.

### Luxury of Today.

Among the many luxuries of our modern civilization is the occasional chance to make an honest living.—Puck.

### Amazing.

The scientists tell us, as the result of study of a paleolithic skull, that primitive man was able to think before he was able to speak. How times have changed.—New York Tribune.

### Philosophy.

A philosopher is a man who can look Hard Luck in the face and think of the value the experience he is having will be to him in later years.

## PORT ORANGE

PORT ORANGE, Feb. 25 — The Jenkins Orphanage, built here a very pleasing entertainment in Vero last Monday. They were received with much applause by a large audience.

Mrs. Rikeman has sold her beautiful lot on South Riverside to Mrs. C. M. Kipp. The Good Times club will miss their delightful picnic there.

Mrs. Lyon has sold a lot on Fourth street facing east, to Mrs. Perkins, and Mrs. Perkins has given D. E. Lyon the order for material for a bungalow.

W. J. Thomas has moved from Crescent Lake to Port Orange and rented N. J. B. Smith's house on Dunlawton avenue, west of the railroad.

Elmo Dupont came home from Hastings Saturday to spend Sunday with his parents.

D. E. Lyon received a car of lumber from East Palatka Saturday.

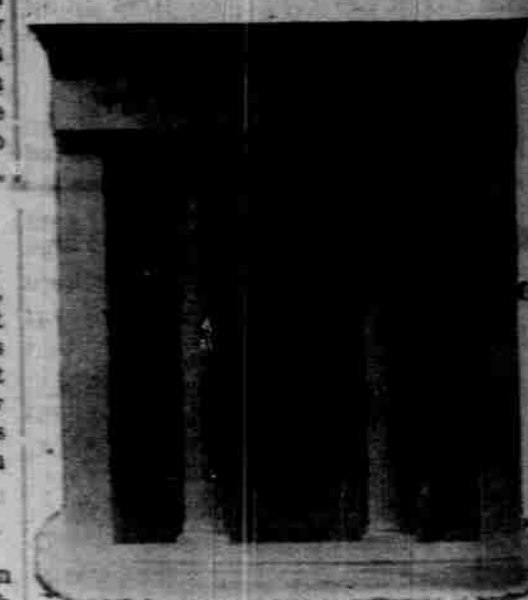

Dr. H. J. Herrick has chartered Bert Shaw's launch and is having the time of his life fishing.

Among those who have purchased lots in Allendale we have heard of the following: A. J. Hicks, our popular candy manufacturer, lots 3 and 26; J. W. Rikeman, lots 4 and 25; Mrs. Ida White, lots 5, 6, 23 and 24, all the above in block 16; Mr. Millpaugh, lots 1 and 20, block 15.

### Why We Can See Smoke.

Smoke is not composed of gas only, but of solid, or perhaps partly liquid particles, which are mixed with the gases and carried along by them. It is these particles of matter that are visible to the eye, and not the gases themselves.—St. Nicholas.
